Dear **Mr/Ms**, HR

I am writing to express my interest in cybersecurity, which I learned about through your company website. Being an aspiring IT professional and having a strong passion for cybersecurity, I am eager to contribute my knowledge to your organization.

I am currently a student at Pamantasan ng Lungsod ng Valenzuela, pursuing a Bachelor of Science in Information Technology, where knowledge in programming was obtained. I am particularly interested in networking. My strengths include analytical thinking, attention to detail, and a strong sense of responsibility. I am also very eager to learn from the experienced professionals in your company and further develop my technical and problem-solving skills in a real-world setting.

I would appreciate the opportunity to talk about how my skill set aligns with the goals of your company. I firmly believe that my commitment to continuous learning and my passion for cybersecurity make me a strong candidate. Thank you for considering my application, and I look forward to the possibility of an interview.

Sincerely,

**Sidmanao, Juhn Lie**
